### **Multimedia on Stage workshop**

Pro Helvetia Cairo office invites artists and students in the field of video installation, performance art and theatre who wish to use multimedia on stage to apply to the "Multimedia on Stage workshop", which will take place at El Gezira Art Center on 3, 4, 5, 10, 11 and 12 April 2012; 5:00 - 8:00 pm.

During this workshop, Swiss artist Jean-Luc Marchina will present several video installations, plays and performance arts, ... using video projection, live cameras and sensors on stage as well as putting forward several practical examples to succeed in video and interactivity by using specific electronic devices and software. The workshop includes; teaching mostly "MaxMSP" software, giving some advice for participants, to continue learning and practicing on their own.
